

LEE LEISURE ENTERTAINMENT LTD

Sheepdog display.

Corporate/Teambuilding events: An event with a difference - try your hand at working a sheepdog. The dogs will be under your control and it is an amazing experience to actually work one of these fantastic border collies. They help David on the farm with his flock of 500 breeding ewes and their lambs and then work for you maneuvering geese around the obstacles. It really makes you think about the characteristics of the animals and shows you skill, commitment and the capability of a working dog. All special occasions including weddings, anniversaries and birthdays, as well as the company fun days and teambuilding events.

You will have to try your hand shepherding geese and Indian runner ducks, from one pen enclosure to another, through a variety of obstacles without any escapees.

For larger groups we recommend a display, and then we will try to get as many people to handle the dogs in the time that we have with you.
