Clay Pigeon Shooting

Clay pigeon shooting is normally booked per stand; a stand of shooting consists of a professional shotgun coach, cartridges, clays, and all that is required for up to 6 people. Each stand has a designated clay target and requires a duration of 45 minutes to ensure that everyone can be coached to a high standard and go home with a sense of achievement. When booking multiple stands (and if time allows), each additional stand can have a different target to give a variation of shots and techniques and groups will rotate around the different stands. Practice and competition shots can be combined in the one session, or if you are staying for lunch we can run the competitions after your break. We can also supply other activities to run along side the shooting, so groups can rotate activities in approximately 45-minute time slots.

Sheltered shooting stands

At Luton Hoo, Clay shooting, Archery, Crossbows, and Air target shooting, can take place in the same woodland area, with the benefit of sheltered shooting stands for all the activities. Inclement weather does not stop the activities from running, and the log cabin provides additional shelter and refreshments if required.

Clay pigeon shooting is suitable for both ladies and gents alike; the gun that you use will be professionally selected according to your build and stature. Master eyes are checked and the guns are fitted to each person with a full explanation of why this is done. Low recoil cartridges are used, and combined with the above, ensures a comfortable rewarding experience.

Booking Example

18 people = 3 stands of shooting with different targets on each stand, your group will be divided into teams of no more than 6 people to 1 shooting instructor. Each group will shoot the 3 shooting stands and rotate in 45-minute slots.

If your group is 6 or less you will only require 1 stand, however we can set the stand up to allow for additional targets to make it more interesting.

If your group size exceeds 40 or you have a limited time to spend with us, please call us and allow us to suggest alternative ways that we can run the event for you.

We can cater for team sizes larger than 6 as long as it is pre arranged, and that we have additional time allocated so we can maintain our standard of instruction.

Please give me a call if you have any questions.
